

Sacramento City Unified School District
Board of Education Meeting

June 10, 2021 Public Comments

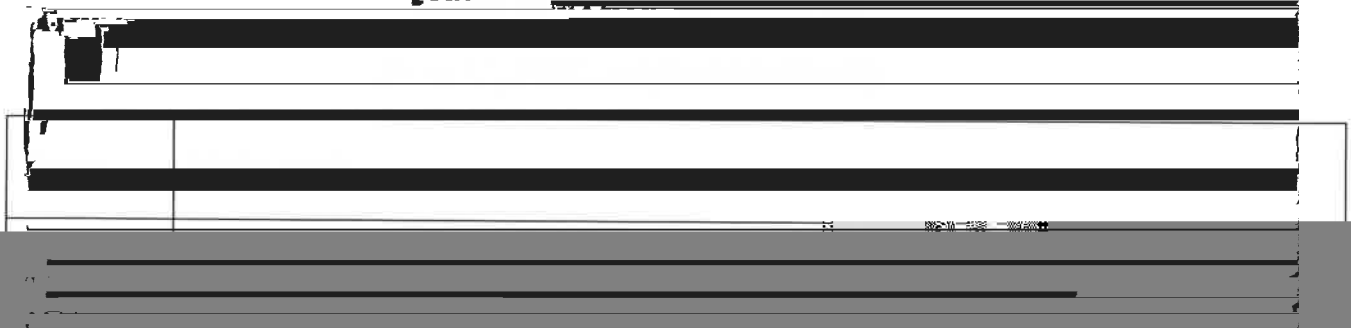

Name: Ian Davis

Comment: As a parent I would prefer that the semester start in August like many of the neighboring School districts. 3 month long vacation is too long and our children have missed out on several hours of instruction already. Starting earlier also assists many parents who have had a difficult time finding child care.

Comment I want school to start earlier as the other school district. 1)Other school districts have higher test score. 2) Parents can save child care cost. 3) Kids should catch up that they missed a lot during pandemic.
