2023-24 School Description and Mission Statement

Our Vision is to ensure all students will achieve at high levels through academics, social development, and diverse enrichment programs. We build a model of achievement through an engaging curriculum that develops excellence, collaboration and innovation.

Mission Statement: Our mission is to provide a safe, inspiring, and engaging learning environment that will cultivate responsible, lifelong learners who are prepared to meet the needs of an ever changing and culturally diverse world.

Where academic improvements are needed, the Pacific Staff and School Site Council have spent time analyzing and monitoring achievement data in order to make instructional adjustments for improving student outcomes. The following items reflect major components of the plan for improving academic achievement at Pacific School:

Teachers collaborate in grade level or school-wide teams at least 1 time per week after school.

Grade level teams have participated in 2-3 ELA Coaching Cycles with district training specialists. Also, Grade level teams regularly met with district ELA/ELD training specialists during grade level CT.

All students are eligible to receive Supplemental Educational Services (tutoring) and all students have access to grade level computer intervention (iReady & ST Math). Individualized learning plans will meet the whole child needs of every student.

The process for the development of the 2023-2024 school plan was collaborative effort which included the voice of all stakeholders. Below identified the dates and activities regarding budget planning:

1. School Site Council, ELAC, and Safety Committee met as a group and reviewed and discussed 2023-2024 SPSA, goals, and expenditures from General Fund, Title 1, LEP, and Free & Reduced. LCAP and school goals and costs were shared and discussed while considering goals and budget for 2023-2024.
2. School Site Council, ELAC, and Safety Committee met as a group and reviewed and discussed 2023-2024 LCAP balances in all categories and the alignment between site SPSA and the District Strategic Plan while considering the impact for 2023-2024 SPSA.
3. School Site Council, ELAC, and Safety Committee met as a group and reviewed 2023-2024 budget balances and programs to continue to include in 2023-2024 budget.
4. School Site Council, ELAC, and Safety Committee met as a group to evaluate EL student data and site EL program and need of continual support for professional development in ELD standards with district training specialists.
5. SBDM... Team shared and discussed the school wide survey that ranked PI Intervention spending recommendations.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers. To that end, the district has crafted a high-quality professional learning program that is focused on Literacy (including ELA Common Core Standards), English Language Learners, Mathematics, Science, Physical Education, and Visual and Performing Arts. The learning opportunities afforded through this program deeply align with the needs of our individual schools, as well as our Local Control Accountability Plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design. Professional learning opportunities are offered during school hours and outside of contracted hours. In addition to on-site coaching and regular professional learning opportunities, a designated collaborative Thursday time provides the opportunity for teachers to engage in collaborative professional learning at their respective schools focusing on deepening their content knowledge, strengthening their instructional repertoire, improving their assessment strategies, and fostering a shared sense of responsibility.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.
