Comment:	Good evening. Thank you for the opportunity to provide public comments on the proposed conditions of readiness for the re-opening of schools. I am a parent of a child in the district and I am concerned about the safety of my child and other students. I believe that the district should take a more cautious approach to the re-opening process and should prioritize the health and safety of all students and staff. I would like to see more stringent safety protocols implemented, such as increased ventilation, regular sanitization, and social distancing measures. I also believe that the district should provide more support for students who may be struggling academically or socially as a result of the pandemic. Thank you for your time and consideration.
