In the event that the District falls below the 5% level, the percentage level will be restored at a rate of no less than one percent per year until the five percent level is reached.
- In the event that restoring the reserve at a rate of 1% per year will result in a negative impact to students due to reductions in student programs, the Board may elect to restore the reserve at a rate less than 1% per year.
- Beginningwith the 20222023 budget or after the deficit is eliminated, the District shall maintain a 5% reserve of the total general fund expenditures.
