

Earth Day is commemorated each year to recommit to the goals of a healthy environment and peaceful, just and sustainable world; and

communities around the city, state, nation, and world will do their part in promoting public awareness on environmental issues by holding special events or sharing best practices that focus on protecting our ecosystem and planet; and

environmental stewardship is an essential part of the science and social studies curriculum; and

the importance of being good stewards of the environment has become a nearly universal belief held by the community of Sacramento City Unified School District; and

the Sacramento City Unified School District works to promote programs and partnerships across the district in an effort to educate students and the community, and protect the environment because it is good for our health, our economy, and the natural wildlife and habitat the surrounds us; and

, schools have a tremendous opportunity to support students to become leaders in making the Earth and their own community a healthier and more ecologically sustainable place; and

providing all students the opportunity to participate in Earth Day activities and environmental stewardship in an important part of citizenship.

that the Sacramento City Unified School District Board of Education does hereby recognize April 21, 2022, as Earth Day and supports the important work and services provided by Sacramento City Unified School District partners and schools.
