94%	6%

In the space below, please make any comments that you might have regarding Sol Aureus. Feel free to share any thoughts, such as things that you might like about the school or are pleased with, or areas in which you feel the school needs to improve. Your input would be greatly appreciated.

Comments:

We are very pleased with the school. Her study habits have improved drastically. Thank you.

I would like to see grade K-6, 7th-8th grades as well. I'd like to see all of my children at this school. Please keep up the great work.

Gracias por preocuparse siempre por los niños

SACP Charter Amendment

Appendix H

I feel that Sol Aureus is a well organized school. I appreciate the time and the extras that the teachers give to the students. My child is doing much better here at this school then she has at her other schools. The teachers here work well with the students and family, its not about the pay check it really shows that there here to give the kids the tools to exceed towards their future (they care about our kids education).

What about advanced student are their needs being met. What about electives how are they offered. What about collaborating with other school sites to meet need such as music or sports.

I think that moving my daughter to Sol Aureus was the best thing I could have done for her. The teachers are great and they really look out for the best interest in their student, they really get to know each student as individuals and I feel that is very important when working with children.

I would like to see better access to tutoring. Make the environment a little less constricted, allow more positive independence. I would like to see more avenues for extracurricular activities such as debate, drama, student union, etc.

I/we ,miss the extracurricular/art type/dance activities from previous years. I haven't felt very connected to the teachers/school this year, would like an opportunity to complete my parent hours in needy fashion. Not always available for parent meetings/trainings I wish the times/days would vary to accommodate other schedules. Thank you for this opportunity to share comments. I really appreciate all the staff's dedication to education.

We are very happy with the education our daughter is receiving at S.A.C. Prep. We believe she will adequately prepared for 9th grade next year. Thanks to the excellent teachers and administration! We have recommended S.A.C. Prep to our friends.

I accidentally marked the wrong answer on the 1st 5 questions. I am satisfied with the great progress "JaNeice" has made academically. She has also matured. I am satisfied with the communication and the very fact that I am welcomed to come back for help even after she graduates.

I like the attention and help that my child receive when she need extra help. I disagree with the wholele fo
