reached. She asked if the Parent Teacher Home Visit program had been contacted to help with this. Ms. Kretschmann said they have not been working directly with the program yet, but they have reached out to other partners, and she gave a timeline of plans. Vice President Pritchett asked if we have targeted support systems in place for teachers. Ms. Baeta answered that a lot of time has been spent training principals this month so that they can support their teachers. The District Training Specialists also support teachers and schools. The target support also includes information technology.

Member Garcia asked what is the lag time between the County moving in the right direction and in-person education. Ms. Flores answered that there must be two weeks of being off the County list before they will even consider in-person education, and then we still have to work with them. Superintendent Aguilar also shared that it also depends on

the amount of waivers that come in and how much time it takes to process them. Member Garcia then asked how we will close the technology gap for about 20% affected. Superintendent Aguilar answered that we have a process in place with principals so that

### **Board Comments**

Member Garcia thanked Ms. Ramos for the presentation. She asked what the criteria is for the exemption available to districts. Ms. Ramos explained what is known about the process to apply for the waiver so far. Member Garcia asked if the District anticipates using some of the one-time dollars for textbook purchase. Chief Academic Officer Christine Baeta responded that they are asking secondary students if they want a hard copy of textbooks, because all textbooks are available on-line. Textbooks are being distributed to elementary students.

Shound Vica Provident Minnick asked if for some reason we do not availed for
some opportunities, is it now February we are identifying as the point where v run out of cash. Ms. Ramos said yes, that is correct. Second Vice President Minnick asked then if this is the date to be working toward to resolve all of our

said that we want a menu of options, but then when things like parent participation preschool are talked about being eliminated, it is a catastrophe, and if we value services that are not subpar and on par with what is seen in neighboring districts, then we have very few options that are not painful. President Ryan asked Ms. Ramos to respond to the criticism for the narrative that is in the public that the District consistently projects a deficit and then ends up with a surplus. Ms. Ramos said that a lot of this is that we are not necessarily always in control of our budget based on what we plan to spend and what we plan to receive from the state. We have seen that this year, as there was fluctuation in the projected revenue that we thought we would get from the state in January; due to the pandemic it changed, and then it changed again. Three scenarios were given, and that can be very confusing and could also create some kind of distrust on the public but it is because we really do not know what the

Member Garcia noted that the number of waivers on the graph were somewhat different from years 2019-20 to 2020-21; she felt there would have been more waiver requests due to the pandemic. Ms. Mora replied that Human Resources has been working really hard with educators that in previous years had waivers that were utilized in order to support, encourage, and work them through the process on meeting requirements. Many this past year have completed their requirements.

Member Woo made a motion to approve, and Vice President Pritchett seconded. The motion passed unanimously.
