shared areas of significant disproportionality and addressing the root causes of disparities in school discipline as well as the programmatic improvement process. SCUSD CCEIS team will meet quarterly to review specifically identified discipline data to evaluate and sustain successful implementation of Improvement Plan.

Public Comment:

Taylor Kayatta thanked staff for their presentation, and wanted the Superintendent and Board to know how powerful of a plan this is. Taylor Kayatta shared that the two staff that presented were amazing and have really taken into account what the community wants and needs are.

Terrence Gladney shared that he feels that there was an opportunity missed to intersect, but when we are planning our meetings, we no longer have ADHOC committee at the Board level. We are not effectively planning these meetings, so these people can be in the same space to bounce ideas and thoughts off of each other. We should be asking the questions that were presented just as diligently regardless of the subgroup or the students that are being reflected and presented in these presentations. If we do that, he feels that we can accelerate our path to success.

Board Comment:

Member Villa wanted to share that Phase II is doing the work and asking site leaders which people have asked about their input to be heard, and staff are taking the time to do that work, and Member Villa wants to make sure that we are uplifting that in this work. Member Villa thanked staff for continuing the good work and collaborating with site leaders and the community.
