

James Marshall Elementary School is located in the unincorporated portion of the County of services boundary of the County. Therefore, LOS D is applicable.

The common standard of significance for bicycle and pedestrian facilities in the City of Rancho ed to have a significant effect on bike and pedestrian facilities if it would result in adverse effects to existing bikeways or , plans, or programs supporting alternative transportation or increase demands for transit facilities greater than planned capacity (e.g., transit service, carpooling, bicycling, walking).

Traffic Volumes, Level of Service and Operation

It is expected that the schools to receive transfers will have an increase in the number of vehicles picking up or dropping off students resulting in some congestion and queuing of vehicles will occur which is an existing condition at most if not all school sites regardless of enrollment levels. However, because students to be re-assigned in many cases live more than 1 mile away from the new school site, and would need to cross either Bradshaw Road or Routier, and further because school busing will no longer be an option, it is reasonable to assume more parents may choose to
