

I. Overview/History

On September 16, 2010 the Sacramento City Unified School District Board of Education passed Resolution No. 2634 requesting that in order for the District to renew its membership with the California School Boards Association (CSBA), certain conditions had to be met. As these conditions were not met, the District made the decision not to renew its membership with CSBA for the 2010-11 school year. CSBA staff will present information on what has changed at CSBA so that the District can consider renewing its membership with CSBA.

In addition to membership, the district also purchased GAMUT Online and Board Policy Manual Maintenance services from CSBA.

CSBA Membership Benefits include:

- Governmental Relations
- Communications
- Policy Analysis and Research
- Policy Services/Governance Technology Services
- Education Legal Alliance
- Leadership Development
- Financial and District Services

CSBA's GAMUT Online service provides board members and district staff easy access to the information needed to govern and manage effectively. GAMUT contains the entire Education Code, Code of Regulations, Title 5 and relevant portions of other legal resources. GAMUT online allows the district to give Internet access to the district's policy manual to parents, students and other community members.

CSBA's Policy

2. The Board annually will determine the amount of funding necessary to support its own governance functions, including training and consultation, external monitoring of its policies, staff support, and stakeholder dialog."

III. Budget

CSBACosts	
Membership Dues	20,139
Education Legal Alliance	5,035
GAMUT online	5,000
Policy Manual Maintenance	5,850
Total CSBACosts	36,024

IV. Goals, Objectives and Measures:

Adopted Board Policies and Administrative Regulations, along with pertinent Government Codes and legal references, will be readily available to Board members, district staff and stakeholders via the Internet.

Board Policies and Administrative Regulations will be updated to comply with changes in Government Codes and other legal references.

V. Major Initiatives:
