

SUBJECT: UMRA and Network Access **HR-17**

TO: All Administrators and Supervisors

DATE: January 29, 2021

PREPARED BY: Jake Hansen, HR Analyst **DEPARTMENT:** Human Resource Services
Monica Garland, Personnel
Specialist

REVIEWED BY: Jay Elmquist, K-12 Project **APPROVED:** Cancy McArn, Chief Human
Manager Resource Officer

With continued efforts to enhance processes and systems through integration and automations, please note the following updates to the network access process. These enhancements are intended to support and protect District data that promotes increased focus on student achievement. To this end, employees' District access will now be activated and deactivated through the use of an automated process.

UMRA (User Management Resource Administrator) creates a connection between ESCAPE, Infinite Campus, Outlook and more (Active Directory, GSuite, etc.). This will allow us to automate processes, delegate tasks, and operate more efficiently in regards to employee access.

Moving forward, emails will be automatically created by UMRA. The Network Access form will still be utilized and so please continue to submit those as needed. Good news, the Network Access form will soon be updated to a digital process. More information on this will be provided in the future.

Please note that employees on e 0.00a
