

Infinite Campus Security Measure

How to Turn Off the Automatic Password Feature in Various Browsers

When using Infinite Campus (or any district system), please disable your auto password feature to prevent others from entering into the system on your computer. If you share your computer with others or do work from home, this is especially important.

For step by step instructions on how to disable your password auto-complete feature see below:

Chrome

1. Launch Google Chrome.
2. Click the **Tools** icon in the upper-right corner and select **Settings**.
3. In the **Settings** tab, at the bottom, click on **Show advanced settingr**

Internet Explorer

1. Open Internet Explorer.
 2. In the **Tools** menu, click **Internet Options**.
 3. Click the **Content tab**.
 4. In the **AutoComplete** section, click **Settings**.
 5. Clear the check box next to **User names and passwords on forms**.
 6. Click **OK**.
 7. Click **OK** again.
-

Netscape

1. Open Netscape 9.0.
 2. Click the **Tools** drop-down menu and then select **Options**.
 3. Click the **Security** icon.
 4. Clear the check box next to **Remember passwords for sites**.
 5. Click **OK**.
-

Safari

1. Open Safari for Mac.
2. Click the **Safari** drop-down menu and select **Preferences**.
3. Click the **AutoFill** icon.
4. Next to **User names and passwords**, click **Edit**.
5. Click **Remove All** and then click **Done**.
6. Clear the check box next to **User names and passwords**.
7. Close the **AutoFill** window.
